MEET THE ARTIST

This coloring book features designs inspired by Hudson Park as part of the City of Tempe's Arts in the Parks program. Drew Hernandez is an Arizona-based artist, writer, director, voice actor, and animator. In this coloring book, he brought to life inanimate park elements as stylized characters. You can see the personified architecture, sculptures, nature, and residents of this Tempe landmark within the whimsical drawings. Drew's unique artistic style includes drawings and animations that are unexpected, quirky, and depict a humorous interpretation of human experience. His first short film, "Sky Police", was released in 2019 shortly followed by "The Late Great Garden Witch" which premiered on October 31st, 2020.
